PRESIDENT'S COLUMN

By Jim Bushey

Well, I'm Back....

Last month was to be my final month as President; but due to circumstances beyond his control, Roger Wilson was not able to take the President's job as previously planned. Roger plans to continue on the Board and be active in Track Club decisions. I think Roger did a fine job as Vice-President last year and should be congratulated for staying on the Board in 1987.

So you are stuck with me for awhile longer.

With Judy Tillapaugh and Randy Lavine as Vice-Presidents, I feel very confident about the coming year. I have formed a small cabinet made up of Judy, Randy, Don Lindley, and myself. We have had one meeting already and plan to meet semi-monthly before the board meetings. This will allow us to work on proposals and plans before the board meetings and present such plans to the full Board.

About the Board of Directors for 1987. We plan to expand the Board to include more members this year. All meetings will be held the second Wednesday of each month at the Southeast YMCA on Werling Drive. The meetings will be from 7:00 to 9:00 pm. Judy, Randy, Don, and I will be contacting prospective Board Members shortly, but we need more volunteers! Each job will not be a "monumental task", but just a small contribution of time to the Club a few times a year.

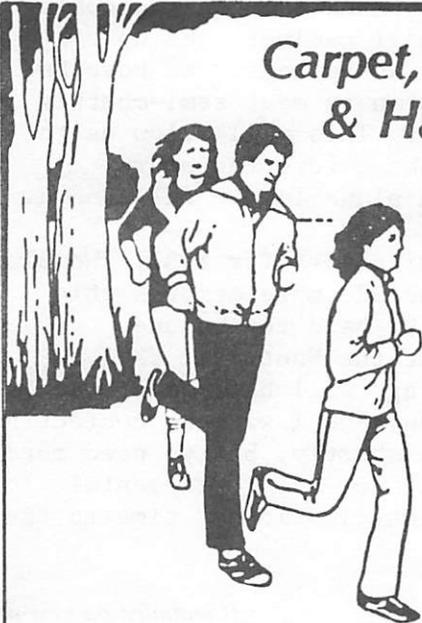

(Continued on next page)

As you may know by now, the Points System and Runners Week are probably out for next year. What activities are important you - the Newsletter, Race Schedule, Race Results? Your opinion matters. Write, call, or attend the meetings.

I noticed Brad Critchfield's name in the Dunes Track Club Newsletter having competed in a local Triathalon. If you compete in an out of town event, send in your results with a paragraph or two about the event to Ron Horan, FWTC Editor.

ARC of Allen County is planning a stair run at the Fort Wayne National Bank Building in January. Information and an application should be in an upcoming issue.

See you at the November meeting. Let's get our 1987 year off to a fast start!

FWTC BOARD MEETING
October 12, 1986
Annual Fort Wayne Track Club Picnic
Foster Park

The FWTC Board held a meeting at Foster Park after the annual 8 Mile, 2 Person Relay.

Meeting called to order at 3:30 pm.

Marathon -

Jim Bushey indicated that he has a meeting October 15 with WMEE to discuss the Marathon and whether an 8K Run should also be held. There was a discussion of this but nothing was decided.

Point System -

It was decided that there would be no point system after the Home Loan.

Runners Week -

It was reported that Runners Week is in need of a sponsor. If not, it will have to be dropped.

Elections -

The nomination for officers were: V.P. Judy Tillapaugh, V.P. Randy Lavine, Treasurer Don Lindley, Secretary Gsry Hooten. There were no nominations from the floor. All of the above officers were elected. Jim Bushey agreed to serve temporarily as President until someone decides to take it over.

Board Meetings -

The FWTC Board Meeting will be the 2nd Wednesday of every month at the southeast YMCA. A run may precede the meetings.

Meeting adjourned at 3:52 pm.

Respectfully Submitted; Gary Hooten, Secretary

FARTLEK

by Ron Horan

A good time was had by all and new officers were elected, at the annual FWTC Picnic. The next meeting will be at the Southeast YMCA on November 12th.

In case you haven't heard or read, the Boston Marathon qualifying times are now 3:00 for men under 40 and 3:10 for men over 40.

Get out for a run Thanksgiving morning. Sports Tech is sponsoring a cross country run at Shoaff Park and Jerry Mazock is having his 10th annual Run (your choice of 5, 10 or 15 miles).

Key Health (Blue Cross/Bule Shield will co-sponsor the 1987 Fort Wayne Marathon, to be known as the WMEE/Key Health Marathon. Plans are being finalized for a 8K to 10K race to be run during the Marathon.

LETTERS TO THE EDITOR

October 10, 1986

Dear Editor:

I am writing to pass along a few thoughts to FWTC members regarding the "cool down" period following a vigorous run. Dr. Kenneth Cooper describes this as "the most dangerous" phase of aerobic exercise. Sudden death is extremely rare in runners, but a high percentage of these deaths seem to occur immediately following exercise. The reason for this is not totally clear. However, the combination of decreased blood flow to the heart due to "pooling" of blood in the lower extremities immediately after a run with high circulating levels of epinephrine (adrenalin) and related substances may lead to fatal heart rhythm disturbances. Victims of sudden death after running are frequently individuals with "subclinical" coro-

nary artery disease who have failed to wind down gradually after exercise.

My reason for writing is to re-emphasize to FWTC members what they may or may not have heard before - be sure to slow down gradually after a hard run. As Cooper suggests, keep moving - don't sit, stand still, or stop suddenly for traffic or to check your pulse. If you feel nauseated or dizzy and can't run or walk for a minute or two, lie down and elevate your legs to shift blood volume from the lower part of your body to your heart and brain.

Any of us - even a 20 or 30 year old runner who has had a negative treadmill test - can have undiagnosed coronary artery disease which may contribute to a fatal heart rhythm in the post-exercise period. Follow these sensible suggestions from Dr. Kenneth Cooper and you will be doing yourself a favor.

Tom Hayhurst

7:00 PM. to 9:00 PM.
ALL INVITED AND EXPECTED!**

Dear PWTC,

Why is it that whenever the PWTC is having problems they attack the points system? If the awards are too expensive then why don't you cut back on awards? Instead of the top 10 & top 5 in every age division why don't you give them to the top 10 which covers a few of them out of each age group!

Why don't you hand the awards out at any early spring race? Like the 20K or NAVL when the runners will be there and save you from renting a building & going through the trouble of setting up a banquet which saves time & money since these are the key issues.

I also agree with dropping races that don't cover cost, such as the one hour run. But if you drop the points system, I think you will have to drop the 20K race, why would anybody want to run this race since they won't need it for points. They can freeze and run in the cold wind at home. They will probably have to drop the Hillly 4 too, for the same reason except for the cold.

My biggest problem that I don't understand is not enough participation in the points race? Then how are the 20K & Hillly 4 & J.P. Jones Races able to pay for themselves? Granted they are not that big of races, but they are as big as some of the sponsored races & are fun and do pay for themselves.

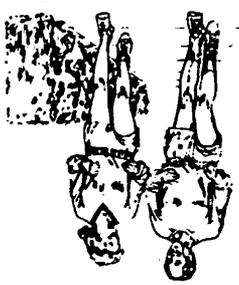

Looking over the points system, I can see that at least one fourth of the runners will qualify for their 8 races, which I think is very good. And almost half the runners will be within 1 or 2 races of the eight needed, including the fourth that does. Without injuries who know, how many more there would have been? So you take away the points system and see how many will be participating, I know I won't be because I won't need them like many others!

Also looking over the points system I don't see the person's name that always puts down the points race? Is it because slower runners run in more races & finish ahead of you in the points race & age group standings? You don't think that's fair?

Well look at the runner magazines and see who's in the top ten! Not all of them are the very best runners in the world its those who run in the points race's. I'm sure the one's not listed don't mind if the slower runners are listed ahead of them, because they know its just for fun & they entered more races! And away to get some recognition. Is that the real problem Mike?

Your Truly

A Points System Fan

October 3, 1986

Fort Wayne Track Club
P.O. Box 11703
Fort Wayne, Indiana 46860

Dear Sirs:

On behalf of Canterbury Green and the Muscular Dystrophy Association, I would like to extend a warm thank you for your generous support which played a vital role in making our Labor Day weekend festivities to benefit "Jerry's Kids" a big success. It is individuals such as yourself that make this great event possible. Without the support of people like you, it simply wouldn't happen.

We raised over \$18,000.00 this year! This puts our ten year total over the \$100,000.00 mark and maintains our status as the largest single fund raising event for the Muscular Dystrophy Association in the state of Indiana.

It won't be long and we will begin planning the 1987 events. We are looking forward to once again working with you to make next year's extravaganza even more successful! Once again, many thanks!

Sincerely,

Michael J. McAllister
Chairman
1986 Canterbury Green
Muscular Dystrophy
Executive Committee

Fort Wayne, IN 46802

Q. It seems sugar has gotten labeled such an unhealthy food product. How bad is it to use at meals?

A. Dear Nancy,

Sugar is pure simple carbohydrate. This can be a great advantage for athletes. Athletes are encouraged to get 50% to 60% of their daily calories from carbohydrate foods so that the body is adequately primed to generate energy. What is important is the mix of meal carbohydrates. Do not rely on sugar dense foods like soda pop, desserts, and candy as the only carbohydrate choices. At meals and snacks use a variety of nutrient dense carbohydrates like fruits, juices, vegetables, whole grain breads, cereals, and milk products. Use sugar dense foods in addition to these to help meet extra calorie needs.

Sugar does not contain protein, fat, vitamins, minerals, or fiber. It is only a concentrated source of calories. Each teaspoon of sugar contains 16 calories or 4 grams of carbohydrate. High sugar meals may lead to an excess calorie intake which causes weight gain. Overweight individuals have a higher risk of developing diabetes, heart disease, and hypertension.

The average American gets about 20% of their daily calories from added table sugar, sugars in processed foods, desserts, candy, and sugared drinks. Add this to the average 35% to 45% fat intake and one has 60% of their daily calories from empty calorie food sources. (Note - ideal fat intake should be 30% to 35% of daily calories) Meals too rich in sugar and fat are unbalanced. Vital nutrients needed to achieve nutra fitness may be missing from the food choices.

Sugar dense foods have their place at an athletes meals. They are fine to use in meeting calorie needs as long as they do not replace other nutrient dense carbohydrates. Let's face it that sweet satisfaction is so nice. Better to get extra calories from carbohydrate sources than from high fat foods. Be Choosey! Choose Nutritious Treats!

(Continued on next page)

Consider these comparisons when picking carbohydrate foods.
Which are most nutritious?

FOOD	AMOUNT	CALORIES
Pepsi or Coke	12 Ounces	150
Orange Juice	12 Ounces	120
Grape Juice	12 Ounces	230
Apple pie	1/8 pie	282
Apple	medium	80
Banana	large	125
Oatmeal Raisin Cookie	2 small	122
Twinkie, Hostess	2 cakes	286
Fruit Muffin	1 medium	130

RECIPE OF THE MONTH

Fruit Pizza

1. Prepare one sugar cookie recipe or one box sugar cookie mix. Spread dough in a round pizza pan and bake in a 350° F oven, 10 to 15 minutes or until it test done. Cool.
2. Blend together 8 oz. of cream cheese with i cup sugar or honey. Spread mixture over baked cookie dough.
3. Layer fruit over cheese.
 - 2 small packages frozen drained strawberries
 - 1 large can drained pineapple
 - 1 large can drained mandarine oranges
 - 3 sliced bananas
4. Before serving top dessert with ice cream.

Dietitian's Note: To reduce fat in this recipe substitute a prepared yeast bread dough for for cookie crust, use low fat cottage cheese for cream cheese, and use ice mik or sherbet for ice cream.

THE PARLOR CITY TROT

Bluffton, Indiana

Dear FWIC,

On behalf of all of those involved with the running of this year's Parlor City Trot, I extend many thanks to all those from the Fort Wayne Track Club and the surrounding area who ran the Trot. Despite the short time in which we reshuffled responsibilities to organize the race, many of you runners helped make this year's Trot an enjoyable event.

The Trot introduced to our area a high-quality runner of whom we may see a lot -- this year's overall winner, Brad Cooper, who just recently moved to Ossian from Indiana State University and Terre Haute. Also, congratulations to Judy Tillapaugh who was this year's overall top female finisher.

The Parlor City Trot has a beautiful course and a wonderful Street Fair as an additional highlight, and we would like to keep the race oriented to the pleasure of the runners. So, if there are any suggestions or comments on the Trot, please feel free to let us know.

Doug Sundling
