## PREZ-SEZ - Judy Tillapaugh, RD

Prez-Sez - Judy Tillapaugh, RD

The previous Prez-sez column focused on the value of race directors. They are the heart and soul of our area running and walking events. Through their passion all the parts of an event are put in place. Many of us just recently experienced the "Mac Attack"! Over 650 runners of many ages and abilities, volunteers, their friends, and family members were present for the FWTC 9<sup>th</sup> Annual Runners on Parade Race which was held July 12<sup>th</sup>. A record! Thank you Michael McAvoy for bringing us all together for great morning of fitness and friendship.

For event success special support is also extremely valuable and appreciated. Dick's Sporting Goods, The News Sentinel, and Fort Wayne Women's Bureau were the key Runners on Parade supporters! Thank you! Thank you! Dick's Sporting Goods hosted the Friday night registration and number pick up. Over 200 people signed up! This really helped day of registration run much smoother than previous years. One aspect that prompted people to come to Dick's Sporting Goods was Bret Hess's Tuesday night running article in The News Sentinel! He highlighted all the positive points of the Parade Run which for sure triggered many runners to sign up. Runner's on Parade is a part of the News Sentinel Racing Series. Thanks much!

As you scan over event fliers make note of the event supporters! They make event promotion and cost coverage more possible. FWTC volunteers provide the people power to get event tasks completed yet it is the event supporters that make the special details a reality. Financial support helps cover the cost of expenses like printing, mailings, numbers, pins, cups, pens, course safety, ads, refreshments, awards, entertainment, t-shirts or another incentive gift. In kind support like donated water, fruit, massages, pavilion use at Fort Wayne city parks, and gifts for gift drawings is also beneficial.

Many businesses and organizations like Runners World, YMCA, The Chapel, Waterworks, Fort Wayne Cardiology, Fort Wayne Podiatry, and The Mill Bread Company have supported FWTC events this year and past years. A win/win for them and us! High five to all of them!

As we continue our events during 2003 do feel free to send FWTC officers and board members your comments and recommendations, especially in regards to the points series, event details, newsletter, and volunteering. FWTC is your club. What should stay the same or change to benefit you? Plans for 2004 are in progress!

Have a fit day!

## **Yoder Begley Camp**

The 2003 Yoder Begley Camp once again was highlighted by an all-star cast of counselors. Amy Yoder Begley, a 15-time NCAA All-American, 4-time Indiana State Champion, and a 2-time NCAA National Champion directed the camp, along with her husband Andrew Begley (4-time Indiana State Champion and NCAA All-American). The staff also included Alistair Cragg (4-time NCAA National Champion college junior from the University of Arkansas), Sean Kaley (6-time NCAA All-American and 2000 Canadian Olympian), Christin Wurth (multi-time NCAA All-American at Arkansas), and Phil Yoder (Indiana State 3200 Meter Champion).

A camper can't be expected to run for 5 days straight, so the camp featured many other games. Swimming, volleyball, ultimate frisbee, ping pong, kickball, and belly flopping were among the many non-running activities that were done. The winners of these games went home with various prizes, ranging from ASICS t-shirts to ASICS shoes. Lectures covering the topics of nutrition, strength training, injury prevention, race strategy, and cross training also filled some of the time. Amy and Andrew also offered gait analysis to all of the campers.

This year's camp was a huge success. The camp will be held again next year at Manchester College from June 27-July 1st. It looks to be bigger and better. For more information, visit [www.yoderbegley.com](http://www.yoderbegley.com).

**Big Brothers/Big Sisters** by Sarah Miretti to contact call 456-1600 ext 105

Many of us look back on our childhood and recall adults who changed our lives dramatically. As a Big Brother or Big Sister, just a few hours, a two to four times a month can make a major impact. Big Brothers Big Sisters of Northeast Indiana serves more than 700 children in eight counties. Children age 7-17 are paired with caring adult mentors through a variety of programs, including Sports Buddies and Lunch Buddies.

While Bigs and Littles in each program focus on having lots of fun, the results of their time together are significant. A national study showed that that children matched with a Big Brother or Big Sister are:

- ◆ 52 % more likely to stay in school
- ◆ 46% less likely to start using drugs
- ◆ 27% less likely to initiate alcohol use

### **Lunch Buddies**

The Lunch Buddies program began as a pilot in several Allen County schools in 1998. Today, it serves more than 200 students in our eight counties.

The program pairs students with caring adult mentors. The Buddies meet once a week for lunch at the child's school. The agenda for their 45 minutes together is simple - eating lunch, doing homework, reading books, creating arts and craft projects or playing games.

### **Sports Buddies**

It's time to step up to the plate and hit a home run for children in Northeast Indiana! Big Brothers Big Sisters is currently accepting applications for Sports Buddy volunteers. The program matches Little Brothers and Little Sisters with caring adult sport fans for six months.

Buddies attend games, go to practices, play ball and share their love for sports in a variety of ways. The program began in 1998 and provides a unique opportunity for sports fans to share their expertise and love with a child. The program is open to volunteers and children in Northeast Indiana, but most of the free ticket offers provided through BBBS are for events in Allen County.

To find out more about becoming a volunteer, please contact Sarah Miretti at 456.1600 ext 105 or [smiretti@bigbrotherbigsister.org](mailto:smiretti@bigbrotherbigsister.org)

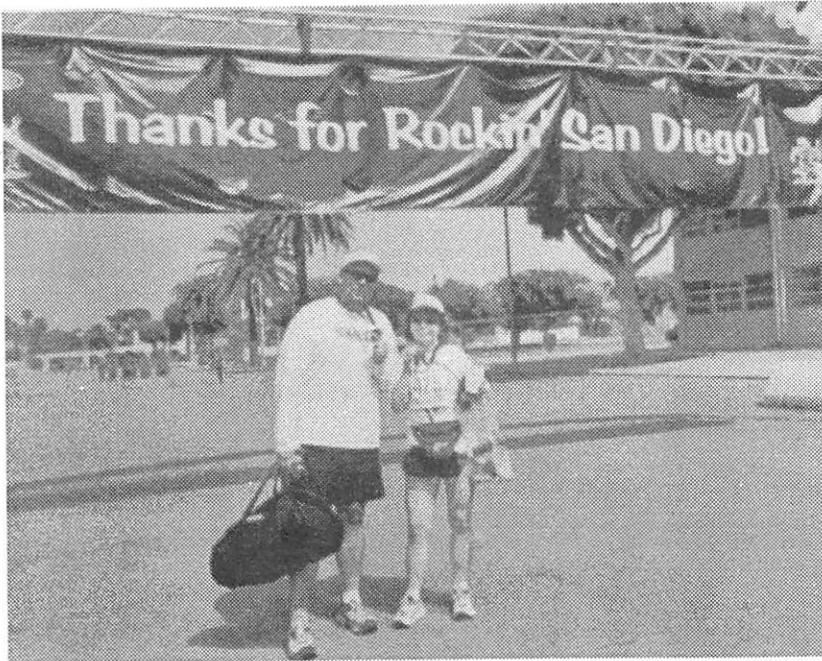

BBBS serves children in Adams, Allen, DeKalb, Kosciusko, Huntington, Noble, Wells and Whitley counties. We are proud to be a United Way agency partner.

Rockin' and Rollin' at San Diego's Suzuki Rock 'n' Roll Marathon  
by Barb Scrogam

On June 1, 2003, I flew to California to run the San Diego Rock 'n' Roll Marathon for the second time with my nephew Rob Epley. We had such fun last year that we decided to do it again this year. In fact, we plan to make it an annual event!

I loved so many things about the Rock 'n' Roll Marathon! The Expo was super with many booths, excellent samples, and great bargains on shoes and apparel. John Bingam, "The Penguin," was there giving advice on any running problems one might encounter during the marathon. Those who wanted a set pace could sign up to run a certain pace with the San Diego running club. But, the part I loved the best was the music along the course – there was a band at every mile and another one at the finish!

Because of the 21,000 runners and walkers in the race, traffic was heavy getting to the start. My sister Sally dropped Rob and me off about one-half mile from the start at Balboa Park. The lines at the port-a-johns were really packed, but we waited anyway. We just made it out when the race began. Rob said, "No need to worry. We have the chip which will record our times as we go over the starting line." Good thing, because the crowd of runners and walkers was so

large that it took us ten minutes to get to the start!

The day started out nice and overcast, fortunately. The bands at every mile, cheerleaders, belly dancers, Irish dancers, African drummers and Elvis impersonators along the way inspired us to keep "rockin' and rollin'". I saw a runner dancing to a song from one of the bands, and if it had been "Old Time Rock 'n Roll" (my personal favorite), I would have stopped and danced, too!

The volunteers were great, always appearing with the water, Gatorade, jells, fruit and Vaseline just when we needed them. The music, atmosphere, and crowd really motivated us along the course. We both made it through "The Wall" at 20 miles and then my niece's husband, Max, met us at mile 23, running the rest of the way with us to lend his support and cheer us on.

The medals we received at the end of the race are awesome! They are very heavy and on the back it says, "I Rocked!"

The marathon ended at the Marine Corps Recruit Depot. Plenty of food, beer, and great music greeted us as we crossed the finish line. I even had my picture taken with some of the Marines. I've run 42 marathons, including Boston, New York, and Chicago. I'd have to say the Rock 'n' Roll Marathon is right up there with my favorites.

What I think is so wonderful about the sport of running is that you can be in a race with all kinds of people including the very elite and best and your friends and family. Running with my nephew Rob made the Rock 'n' Roll Marathon very special for me. I'm looking forward to running it again next year!

### Thanks a Big Bunch

Words cannot express my heartfelt thanks and appreciation for the wonderful gifts given to me at the Runners' on Parade Award Ceremony on Saturday July 12, 2003, for being the "oldest runner". A special thank you to Mike Macho, Judy Tillapaugh and to All of the Fort Wayne Track Club Members.

Ken Disler

**Keep on Running Ken!!!!**

## To All FWTC Members

Now is the time for you to get in your request to be a Points Race for 2004. Send comments and requests to Tom Landis at [LTG541TL@MSN.COM](mailto:LTG541TL@MSN.COM) or Phone days 260-244-5030 evenings 260-693-3526. The Races for next year will be voted on November 12 at the FWTC Membership Meeting. This year's race included the following. We will probably keep the same total number of races in 2004 with similar rules applied ( Open to any suggestion or comments. See current Rules below.)

**If selected as a points race here is the possibility of what your race could see.**

- 1. Increase in volunteers interest**
- 2. High potential for more participants.**
- 3. Results in FWTC Newsletter**

**Fort Wayne Track Club does have other benefits and services for races like equipment rental yet these benefits have nothing to do with the Race being a Points Race.**

### POINTS RULES FOR 2003 And Tentative 2004 Rules

- 1. FWTC members must pay dues by March 1<sup>st</sup>. You must be a member by March 1<sup>st</sup> to be awarded any points for the current year.**
- 2. Participants must complete a minimum of 6 races and volunteer for at least one race to earn points.**
3. Participants earn 100 points for volunteer work at each race. The maximum that may be earned by volunteering is 200 points. These races do not count towards the 6 race minimum. If you volunteer and run the race you earn points for both.
4. Race directors will receive 100 points toward the series points plus each race will count toward the minimum. There will be no maximum points for race directors.
5. Age group placement:
  - a. Age group placement is determined by age as of January 1.
  - b. Under 19, 20-29, 30-34, 35-39, 40-44, 45-49, 50-54, 55-59, 60-69, 70 and over.
  - c. Points are awarded for each race based on your age as of January 1. Events will be recalculated to reflect the January 1 date. Example you turn 45 as of January 2 so all the races are run when your 45 your place at the event will not change but, each race will be recalculated as if the race took place on January 1. This will place you back in the 40-44 age group and place you with the other FWTC members the same age.
  - d. If the race has more age groups than the above, participants receive the points as earned in that race. This means it is possible for more than one participant to earn the same number of points in the same age group. Example 1 if a race has a 60-64 & 65-69 age group, means the 1st place winner in the 60-64 age group gets 100 points and the 1st place winner in the 65-69 age groups also get 100 points. Example 2 if there is a 14 & under and 15-19 age group, the winner of each group get 100 points. Points are given based on how participant's finish compared to other FWTC members.

First place: 100 points	Seventh place: 35 points
Second place: 85 points	Eighth place: 25 points
Third place: 75 points	Ninth place: 15 points
Fourth place: 65 points	Tenth place: 10 points
Fifth place: 55 points	Other finishers: 5 points
Sixth place: 45 points	
6. The top male and female award winners will be scored by a separate system based on the top 10 FWTC finishers in the races regardless of age group. **Group # 6 Possible change to age graded system. (Any suggestion or comments on Age Graded result would be appreciated. Any comments or suggestions on the 6 race minimum and volunteering to be eligible for points awards would also be appreciated. Send request or comments to Tom Landis at [LTG541TL@MSN.COM](mailto:LTG541TL@MSN.COM) or call days 260-244-5030 evenings 260-693-3526.**

## Brain Fitness

On a sunny Tuesday morning between 10 am and 10:30 am twenty people used the west entrance to IPFW's Engineering Building. They were ready for a break!! Ten traveled to Higher Ground and placed an order. 50% of them asked for a coffee while others preferred juice or tea. Two quickly took a seat in a quiet area with their Hope Newsletter. The remaining people stepped up the stairs to find a friendly conversation.

In an hour, how many details would you remember about this description?

Information paragraphs like these are used in psychological and neurological studies to test individual recall abilities. It is one way to measure cognitive skills. Like other body parts, our brain ages. Due to changes in areas like the hippocampus, nerve cells, and brain blood flow, cognitive abilities like memory and judgment breakdown as we age. Some eight million Americans are estimated to have mild cognitive impairment. Another four million Americans suffer from dementia which is the leading cause of institutionalization among the elderly.

It is impossible to stop the aging process but it is possible to slow down the deterioration. We can protect our brain health with healthy living choices.

### Tips To Boost Brain Power:

1. Enjoy an all around colorful healthy eating plan that includes a variety of foods. Supplement eating plan with a multiple vitamin/mineral supplement that provides 100% of RDA
2. Plan for regular physical activity
3. Read regularly and play mind games with yourself
4. Maintain a healthy blood pressure
5. Remain- or become- socially engaged
6. Reduce stress and anxiety
7. Treat yourself to restful sleep
8. Treat depression
9. Stay on top of medication schedule, if necessary
10. Get help for pain

This information and more where in Tufts University Health and Nutrition Letter ( [www.healthletter.tufts.edu](http://www.healthletter.tufts.edu) ) , February 2003, an article titled "Keeping Your Mind Strong As You Age".

How many people ordered juice or tea? How many stepped up the stairs? Think yourself to better wellness!

Be you be fit,

## **IN PURSUIT OF PERSONAL RECORDS by Jay Samuel**

**As runners, we are enthralled with numbers and fascinated with statistics. Especially when these numbers describe our PRs (personal records.) There are vibrant memories associated with a given race where our PRs were set. Memories include the fellow runners, race course characteristics, landmarks along the course, race day weather, and specific race details such as pacing and implementation of strategies that enabled us to perform so well that we set a new PR. Now, it is the positive influences of these memories (along with a current held anticipation for future accomplishment) that spurs us onward in our training to new heights of success in pursuit of new PRs. Very often we think in terms of our PRs as one specific time achievement for a given race distance. (This is what we identify as our "All-Time PR.") This approach is typical of many runners. They have just one specific best time for each respective distance they race. However, I would like to wholeheartedly and enthusiastically suggest yet another approach to our ongoing pursuit of PRs. Simply reflect upon and then be inspired by the many increased avenues for success you will gain by having numerous types of PRs. These are basic and obvious categories that we all have probably thought about, but now be encouraged to actually place these ideas into practice. Suggested categories for Personal Records that runners like to follow include . . .**

**\*All-Time PR (the very best ever time for a specific race distance; 1 mile, 5K ,10K, etc.)**

**\*Calendar Year PR (for 1985, 1992, 1998, 2001, 2003, etc.)**

**\*Monthly PR (best ever time for a given distance in a given month; Jan., Feb., March, etc.)**

**\*Specific Age PR (set at age 18, 25, 30, 45, 55, etc.)**

**\*Age Division PR (this coincides with the standard age brackets we encounter at races; a PR set in the 20 to 24, 35 to 39, or 45 to 49, etc. division.)**

**\*Season PR (for track or cross country; or for the spring or autumn, etc.)**

**\*State Record PR (your best time at a given race distance as run in IL, IN, Iowa, Colorado, Massachusetts, etc.)**

**\*Race Type PR (road, track, or cross country surface; at 5k, 10K, half marathon, etc.)**

**\*Course Record PR (your best time on a specific course of favorite races you run each year; Boston, Steamboat, Peachtree, your hometown Founder's Day race, etc.)**

**Now you notice, right?! The possibilities and combinations are greatly improved! Numerous possible categories for PRs give multiple opportunities for success! All time PRs retain their appropriate highest position of value, and there is no "watering down" or diminishing of the significance of these PRs. However, suggested new categories of PRs afford one with new challenges. Select a few of these new approaches for your own personal records and be invigorated with ambition! One can aspire to different PR categories in various situations such as when one is . . . embarking into cross country racing after a period typified by racing on the roads; when returning to racing after an injury; or when getting older (!) Wait a minute! Getting older?! Remember, runners do not get older, we just enter a new age division!**
