Lace up your shoes and make a difference for moms and babies in Northeast Indiana as we celebrate 10 years of the Diaper Dash! This fun, untimed run/walk raises awareness and critical funds to reduce infant and maternal mortality in our community. Whether you're dashing with a team or going solo—walking, running, or strolling—there's a place for everyone at this milestone event. We kick off at the Parkview Family YMCA pavilion and head onto the scenic Pufferbelly Trail. Participants can choose between the full 5K route or a shorter option for a more leisurely pace.

Join us as we mark a decade of impact, community, and healthier beginnings for local families.
